The latest newsletters are always online in the news pages this is where you will find many links to resources, news, updates and research results. [HERE](#)

Changes to the Ofsted Framework

New framework: new ways of inspecting schools and colleges, how inspectors will look at bullying, online safety, equality and safeguarding. We explain it in our [summary](#). Keep an eye on our [pages](#) on Law and Policy

Post Brexit racism an issue?

We've pulled together a list of resources, some new, some tried and tested. [HERE](#)

BIG ideas

See the video from award-winning Welbourne Primary: this is the way to communicate your anti-bullying policy to every member of the primary school community! For secondaries, there's also a video from Passmores Academy made with One Direction to get their attention. A video from Okehampton shows how to turn negatives into positives – all good fun as everyone can join in. [Visit BIG Ideas](#)

Training

With the success of our NCFE accredited courses we are proud to offer:

Level 4 Certificate distance learning course. Ask for our information pack. This popular course is currently training over 100 teachers. Why not work towards your own personal qualification in Anti-Bullying Mentoring of Young People?

Level 2 Certificate in Peer Mentoring is for students – a unique opportunity for them to gain recognition for their work as peer mentors and achieve a qualification. This popular course adds to their CV.

Understanding Cyberbullying. Cyberbullying and risky behaviour is complex and often hard to manage.

This [distance learning course](#) is CPD accredited for 20 hours – ten of which are modules and ten are assignments you complete for assessment. This is an in-depth course that explores the subject from all angles including the views of young people. It includes policies and serious incident procedures plus a series of tools to use in school. Invaluable for school staff who deal with cyberbullying and aggression.
